

SOCIETY.

The Woman's Club.

"I have a key in my bosom called Promise that will, I am persuaded, open any lock in Doubting Castle."

The Woman's Club met Wednesday afternoon at 4 o'clock with Miss Prudie Herring at the residence of Robert Carter. The roll call was answered with quotations from Bunyon. A paper on the biography of John Bunyon was read by Mrs. W. S. Cunningham. Ian MacLaren's appreciation of Bunyon was read by Mrs. Matthews.

The lesson for the evening was taken from Macbeth Act III, Scenes IV, V and VI. A paper on Missions of Minor Characters was prepared and read by Mrs. Stalter. The evening's lesson was very interesting under the leadership of Miss Herring.

Fred Gerber Entertains.

Fred Gerber, Jr. gave a dance at the home of his father, John Gerber, last Friday night. They have a splendid floor for dancing and the merry crowd present gave it a good test. Refreshments consisting of soda water and cake was served and everyone enjoyed the evening very much. Music was furnished by the Mexican orchestra. Those present were Misses Martha Dressler, Eva Kirby, Martha Balfanz, Lillie Berger, Gussie Bean, Margie Barber, Laura Uttersen, Mesdames G. Dressler, Geo. Bond, S. Price, Mr. and Mrs. P. E. Dooley and Messrs. Fred Gerber, Clyde Kirby, Leslie Elliott, Geo. Bent, Henry Ranyon, Arthur Bond, Ben Robinson, Wm. Schneemann, Jr., Chas. Jones, Kennie Copeland.

FURTHER TIME ASKED.

Mr. McCaulley, Prominent Sweetwater Man, Visits San Angelo in Interests of Orient Railway.

Mr. R. L. McCaulley, of Sweetwater, a prominent banker of that city, and who is connected with the Texas corporation of the Orient Railway, is in the city. He is accompanied by Mr. J. V. Fleming, of Kansas City.

The object of Mr. McCaulley's visit is to confer with the subscribers to the Orient bonus and ask a further extension on the time in which the Orient is to reach San Angelo. Mr. McCaulley will guarantee an expenditure of \$50,000 on grade work between Sweetwater and this city within six months from the date of the new contract, and will guarantee the completion of the Orient to this city within two years.

The present extended contract expires on May 3. The conference between the San Angelo people and Mr. McCaulley will take place within the week, probably today or Friday. Several of the leading members of the citizen's committee are out of town and Mr. McCaulley says he can wait for several days to secure the presence of all members of that committee.

Mr. McCaulley was the guest of Hon. J. G. Murphy yesterday afternoon while Mr. Fleming was entertained by Mr. C. H. Tupper.

Lefel's Efforts Endorsed.

The action of the Business Club in endorsing the efforts of Mr. Lefel and others who are working up a brass band for San Angelo is commendable. Some of the Club members went so far as to subscribe to the proposition thereby showing their interest in the matter.

At the last carnival over \$500 was expended for music. This money was earned by a foreign band and it does not speak well for San Angelo to say that the citizens of this city must go abroad to find a musical organization to furnish music for a special occasion.

The Club in giving endorsement to the proposition has signified that it thinks that this money should be kept at home. Help along the band every chance you get.

IF YOU WILL WAIT

for the new Dry Goods Store to open your patience will be amply rewarded. And you will not have to wait longer than

On Or About April 1st

The new store will be in full bloom, and we want you to wait and see the good things we have for you. That we will show you some merchandise that will make you smile and say, Wrap It Up, is a foregone conclusion. You said it before, you'll say it again. We smiled before, this time we're going to laugh big, for to be honest and square with you, necessity forces us to swap our merchandise for coin. It will cause you to smile and come again and make us laugh and keep going. A part of this Company took part interest in a twenty thousand dollar loss just a year ago. That was an awful blow. It has been on our mind ever since but we feel that the

Consumers of Things for the Outer Man

Are going to assist us in forgetting that awful burn, provided we are able to show them that they are not only placing their money in a good cause, but are also laying away a neat saving for themselves. We shall do all in our power at all times for every man, woman and child that invests their savings with us, and we feel sure if you will only give us the opportunity we will help you while you help us. When you see our stock you will say it is of the highest class and the fact that we are not in the chestnut business will stand out very prominent. As we are going to do our own work, or at least the most of it, and only pay \$30.00 per month house rent, we are in position to distribute merchandise very economically, and we are going to do it. If you will come to see us, we will show you some bargains that will open your eyes.

BISHOP J. S. JOHNSTON

Preached at Episcopal Church Sunday Morning and Night—Two Good Sermons.

Bishop J. S. Johnston of San Antonio, arrived Friday afternoon on his annual visit to San Angelo.

He preached at the Episcopal church Sunday morning at 11 o'clock, choosing for his text part of the first chapter of the second epistle of St. Paul to Timothy. The bishop said, "In this text is a patent right for raising a good boy and Jesus has given the benefit of this patent to all the world." He spoke of the importance of mothers raising good boys. How they make good families and how these kind of families build up and make great the state in which they live.

He spoke long and earnestly on the marriages of today, sifting the "divorce question." The woman is sovereign of the home and "the hand that rocks the cradle rules the world." So if mothers raise good christian sons they are doing a big thing toward stopping divorces.

He said in the United States alone there are 30,000 divorces annually; in Japan 110,000; and in Canada there have been only 50 divorces in the last thirty years. The small number of divorces in Canada is due to the difficult manner in which divorces are gotten; a divorce being only obtainable in the highest courts. He said that 25% of the cases on docket in San Antonio last year were for the breaking up of families. The woman is the one to prevent the above calamities.

"If we have lost the men we must look to the new woman to look to her claims. She is better than the old woman who is passing." The world needs better mothers, and the one aim of a true mother should be character building in her sons and daughters. Let your child know that the love of the mother is not like the love of a she bear for its cubs, but teach them to associate the love of the mother with the love of God. He said, "the christian mother should not waste her time on expensive

DEATH ROLL

Mrs. Laura Laid.

Died, in South San Angelo, Tuesday morning, March 21, Mrs. Laura Laid, aged 28 years.

Deceased had been a resident of San Angelo for a short time. She leaves a little girl about 7 years old to mourn her loss. The remains were interred Tuesday evening in Fairmount cemetery.

The infant boy of Rev. and Mrs. S. T. Shore died Tuesday night. The funeral was held at 3:30 Wednesday evening from the residence.

dresses and conspicuous jewelry;" and spoke of women wasting love and affection on a poodle dog when God gave them this love and affection to lavish on a child. Everything should be done to restore a standard of motherhood. Nearly all of the sin of the world can be traced to a lack of perennial training. He finished his sermon with "God help us to live up to this—and rid us of the present dangers of society."

Rowland D. Williams sang "Come Unto Me," a beautiful solo at the morning service.

Bishop Johnston preached Sunday night on the story and life of Moses, bringing many lessons out of his theme that applied to the everyday life of today.

He left Monday on his way to San Antonio.

Residence Burned.

The four room residence of Juan Gonzalaz near the Santa Fe round house was destroyed by fire early Wednesday morning. The origin of the fire is unknown.

The dwelling was valued at \$400, insured for \$275; the furniture was valued at \$200, insured for \$125. The insurance company is represented by P. N. Ions.

The fire department turned out very quickly but had a long run, and as the alarm was turned in late, the house was nearly destroyed when the department got there. Nothing in the house was saved. Juan Gonzalaz has been employed at the Santa Fe depot for several years.
